

Good day!

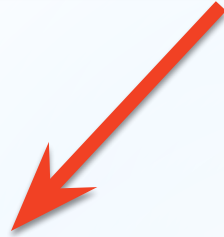

My name is Marina Smolentseva.

I have been working in the Territorial Authority of the Federal State Statistics Service for the Chelyabinsk Region as the chief expert since 2008.

I am currently studying at the South Ural State University as a master.

My research work will be the study of housing and communal services of the Chelyabinsk region.

Department of Housing and Utilities

**Housing
Services**

**Utilities
Services**

Housing services include:

24 thousand apartment buildings

1698 thousand apartments

26 meters per inhabitant

Communal services of the Chelyabinsk region

```
graph TD; A[Communal services of the Chelyabinsk region] --> B[Heat supply]; A --> C[Water disposal]; A --> D[Water supply]; B --> E[869 boiler houses, 5506 kilometers of networks]; C --> F[208 sewers, 5818 kilometers of networks]; D --> G[899 water pipelines, 11905 kilometers of networks];
```

**Heat
supply**

**869 boiler
houses, 5506
kilometers of
networks**

**Water
disposal**

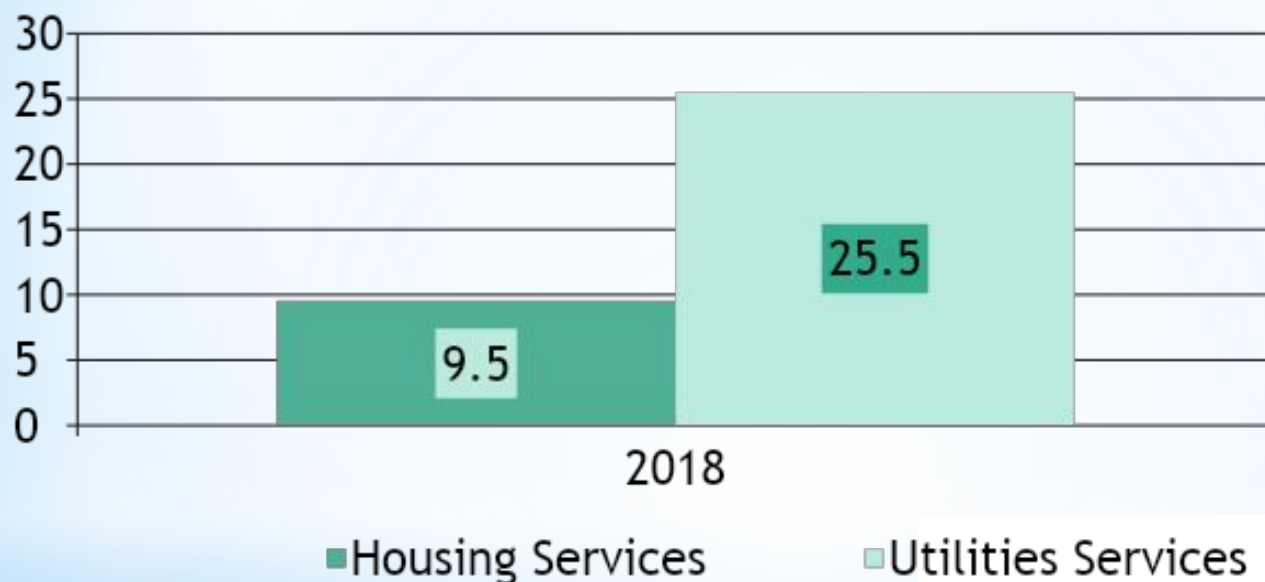

**208 sewers,
5818
kilometers of
networks**

**Water
supply**

**899 water
pipelines, 11905
kilometers of
networks**

The share of housing and utilities in the total volume of paid services to the population of the Chelyabinsk region (percent)

Thanks for attention!
