

Wonderful for
me...

So... what's wonderful for
me?
Let's see!

Don't worry

Be happy

Let me start with a quote.
Simple words , isn't it?
But words have great power
and beauty. When I feel bad
or I'm depressed , I think of
those words.
Easy, but amazing.

I found these stones in
summer 2011 . At first I
was walking along the
beach and saw a
stone like heart half .
Later, I found the
same stone, but only
under water . By
combining them, I got
a heart♥

This gives me hope
that each person has
their own half.

Stop! Sh...

Enjoy the Silence.

Silence...

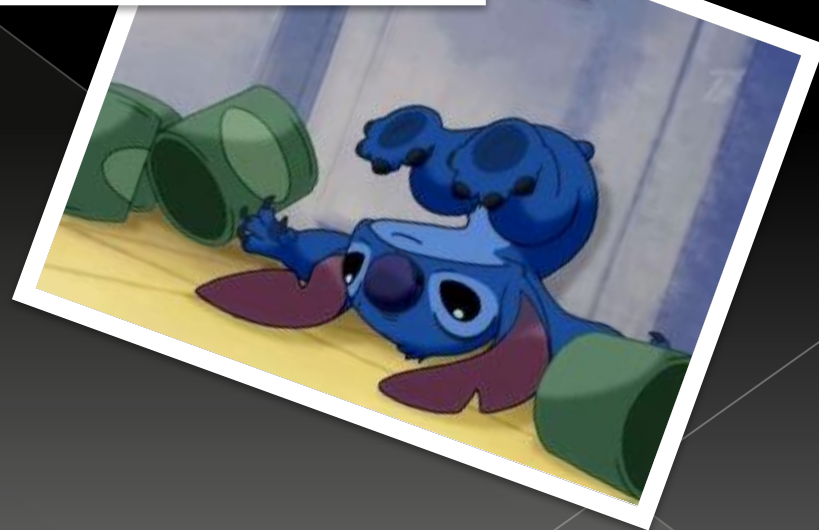

Do you remember the most tranquil place
for you ?

Music , vanity , talk . Of course, all this is fine
in its own way . But how beautiful silence!
Sometimes you need to pause .
Rare and priceless.

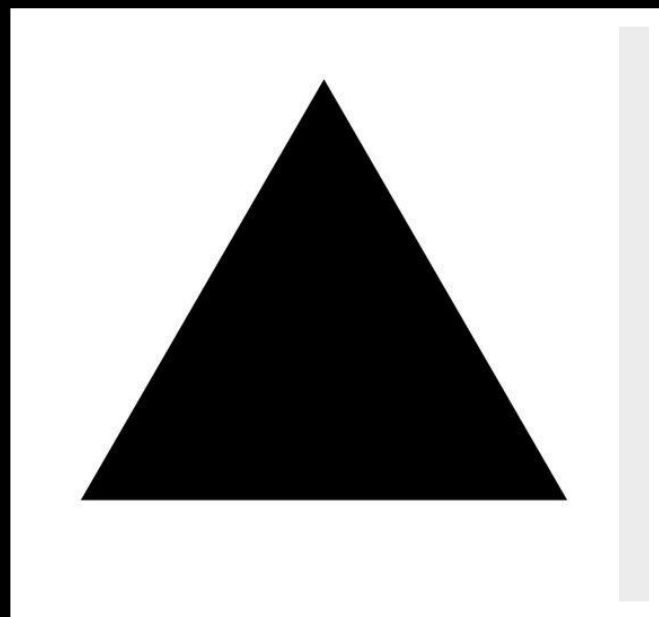

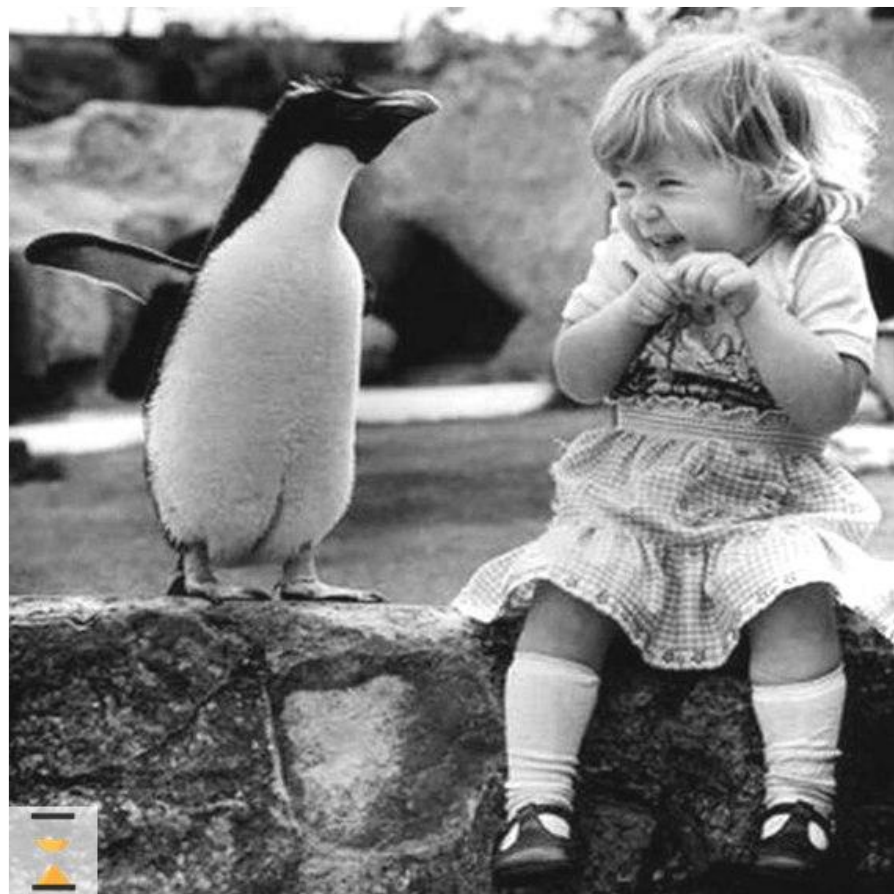

At the end, some cool
