

English poems

Keep yourself busy

It's not always easy to keep yourself busy.

The homework is done, it's fun!

The book is read and is given to Fred.

The cat is fed, but why is it sad?

The dishes are washed,

All films are watched.

It's not always easy

To keep yourself busy.

The birds

Autumn Comes

I see the birds are flying south
And the days are grey and cool.
Do the birds look down and see
That I am going to school?

Apples

Juicy apples, brown and red,
Are good for your teeth, my dentist said.
So after meals I take a bite
To keep my teeth both strong and white.
