

THE LIVES OF TEENAGERS IN BARSAI

**people. All of them
study in near by
villages because in
our village the
school was closed 5
years ago . The
reason for this was
the small number of
students.**

Almost every
day teenagers
of my village
gather in the
club. They
play tennis
and go to
disco on
weekends and
it is very cool.

In the
summer
teens gather
in the
school yard
and play
football.

On hot
summer
days all the
kids swim
all day .
Often go for
a swim in
Voscresensk
in the pond.

On cold and
rainy days
Barsai teens
sit the
Internet: Play
online games
and
communicate
in social
networks.

After graduating from the school go into towns to yet a profession and work. But only a few are returned back to the village
