

Hello everyone Today I'm a blogger . I suggest you go on a trip to the ancient city of Yaroslavl

- I recommend everyone to visit the Dolphinarium in the city of Yaroslavl. The sea of positive emotions is provided to you. Watch the Dolphin and seal shows. After the show, take a ride on a Dolphin. I did it. It was unforgettable.

- Take a walk along the Volga embankment. Very beautiful view of the Volga river . It is used by sightseeing and tourist boats. On one of these ships called Moscow 308, you can ride up the Volga and listen to an audio guide about the city. I enjoyed it. And to make it more interesting, you can order food and drinks in the cafe on the deck. Go to the famous Yaroslavl arrow. Feel the greatness of cathedrals. You can walk, or you can ride an electric scooter, as I did.

- Buy Souvenirs at souvenir shops in the city center, not on the waterfront. The price will be cheaper. Take photos to capture and leave in your memory this beautiful city.

- Be sure to visit the Yakovlevsky pine forest. Lie in a hammock while relaxing with your family. Fry sausages and shish kebabs on the grill. Play outdoor games and be sure to swim in the lake.

- If you feel hungry, visit Mamuka restaurant located on Pervomaysky Boulevard 1. This is a Georgian family restaurant. It combines delicious food with quality service. I want to return to this restaurant again and again.

- Not forgive... expect reviews from other cities in Russia.
