## My dream school food

.

Firstly , foreign food  
could be added .

Ramen - Japanese dish with wheat noodles. In fact, it is an inexpensive fast food dish with great energy value. It is considered a dish of Chinese, Korean and Japanese cuisine.

Chicken nuggets are a traditional American dish that can be found in almost every fast food chain in the United States.

The background of the slide is a dark navy blue. On the right side, there is a series of overlapping, three-dimensional rectangular blocks that create a sense of depth and perspective, receding towards the top right. Two of these blocks are highlighted: one is a light mint green and the other is a vibrant blue, both positioned towards the bottom right of the frame.

Barbecue - originally a dish of the countries of Western and Central Asia, as well as Eastern Europe, from small cut lamb, strung on a skewer and baked on charcoal in the grill; at the same time, it is possible to use marinade, from the simplest spices to complex multicomponent compositions that require special preparation.

And, in our opinion, the best dish is Shawarma. Shawarma is a dish of Arabic origin, consisting of pita bread, grilled meat, fresh vegetables and sauce. Any meat can be used, usually it is: lamb, chicken, less often - turkey or veal.
