

Solving the problem of public transport :

- SPECIAL SITTINGS FOR CHILDREN WITH PARENTS
- MORE SPACE JUST FOR CHILDREN
- MORE SPACE FOR STROLLERS
- 3-RD GROUP PRESENTATION

More space for stroller

- ▶ We think that public transport needs a more space for strollers. It's the actual problem nowadays because of peak hour

Special armchair for children

- ▶ We are thinking about special armchairs for children . It will help mom's don't worry about their children's' safety

Special sittings for children with parents

- ▶ We want to open some space for children and their parents. It help other people do not worry too
