

CONCEPT INSPIRATION

Style of images – simple shading, vibrant colors, thick outline, kid friendly...

Purpose of images – the images will be split into three and match up with other animal parts. All 12 images should be similar size and style so they can be merged to make silly images of animals with different parts.

PLEASE NOTE: All images in this file are copyright and are intended to explain the style and concept of the job. These are examples only and the final work is not intended to replicate the samples provided.
