THINK ABOUT GRAMMAR: The Present Perfect Tense

The Present Perfect Tense (настоящее совершенное время) используется для описания действий и состояний, которые уже совершились в неопределённый момент в прошлом или начались в прошлом и продолжаются в настоящий момент. В предложениях с этой формой глагола часто можно встретить следующие слова и выражения:

already (уже), **always** (всегда), **just** (только что), **yet** (ещё/уже), **ever** (когда-нибудь, когда-либо), **never** (никогда).

Форма **Present Perfect** состоит из *вспомогательного глагола to have* (в соответствующей форме) и *смыслового глагола* в 3-й форме.

3-я форма правильных глаголов (**regular verbs**) образуется с помощью окончания **-ed** (как форма **Past Simple**): to invite — **invited**, to arrive — **arrived**.

3-ю форму неправильных глаголов (**irregular verbs**) надо заучивать:
to be — **been**, to have — **had**, to see — **seen**, to send — **sent**.

В устной речи и в личных письмах обычно используются краткие формы.
