# OUR SCHOOL SPORTS PRIDE

# THE HISTORY OF SHOOTING

In Russia the appearance of shooting refers to the first half of the 18th century.

The first success  
came to the  
Russian athletes  
at the Olympics in  
1912 in  
Stockholm.

A silver medal in pistol shooting was won by an outstanding Russian sportsman-Nikolai Panin-Kolomenkin, who was also the Olympic champion in figure skating.

Aleksey  
Gushchin  
was the  
best.

- Our former brilliant school student Sergey Vladimirovich Polyakov was the silver medalist of the Olympic Games of 2004, World champion in 1994. He is three-time European champion and multiple champion of Russia (1993-2004)

Sergei never thought that he would be among Olympic Winners. He had very high marks at school. At the same time he studied at a music school and learned to play the accordion. Sergei took part in the shooting competition by chance and was ahead of his shocked mentor. He took shooting as profession after military service.

# AT THE TRAINING

# BEST OF THE BEST

- As a boy he dreamed that his photo would be on the school stand "Our School Pride". Now the name of Sergei Polyakov is inscribed not only in the history of our school but in the history of Karpinsk and Russia.

**Sergey's dream  
has  
become true.**

- We asked Sergey some questions .Here is one of them.
- What can you advise the students of our school?
- Sergey said, “Let sport accompany all your life. Train your muscles and brain. I wish you good health and success.”

**A warm meeting  
with a PT  
teacher at  
school number 16.**
