**5 How often do you do sport or PE (physical education)?**

**6 Do you use computers or the Internet at school?**

Jonathan Fonseca is from Guadalajara in Mexico. In his school, some students go to school in the morning and some students in the afternoon. Jonathan goes to school in the afternoon. Every day, he has seven lessons, from two o'clock to eight o'clock. In the morning, he does his homework for two or three hours and then visits friends. On school days, he arrives home at ten o'clock at night. Jonathan does nine subjects and his favourite subject is history.

Marguerite Laure is from Cameroon. She gets up at five thirty and walks two kilometres to school. She has six lessons every day. She starts school at half past seven and she finishes at half past three. In the evening, Marguerite helps her mother at home, works in the fields and does her homework for an hour and a half. She studies ten subjects including three languages, French, English and German.

Reading skills

Emma Lane doesn't go to school. Her school, 'The School of the Air', is in Alice Springs in central Australia and she lives on a farm 800 kilometres away! Emma studies eight subjects and is in a 'class' of ten students. Every day, she has one thirty-minute lesson over the Internet and sometimes she has video lessons. She studies at home for five or six hours a day and she emails her homework to her teacher. Emma's teacher sometimes flies to her farm and meets her. Emma sometimes goes to Alice Springs for classes or for a sports camp.
