Dear Mr. West:

I was excited to see your opening for a customer service associate and I hope you are interested in an individual like me. My background includes providing a customer service associate with a focus on call center and social media. Most recently, I worked as a customer service associate for a major telecommunications company. My responsibilities included handling customer inquiries, resolving disputes, service interruptions or outages, and providing technical support. I also worked in a retail environment, providing excellent customer service and handling customer complaints. I am confident that my skills and experience make me a strong candidate for this position.

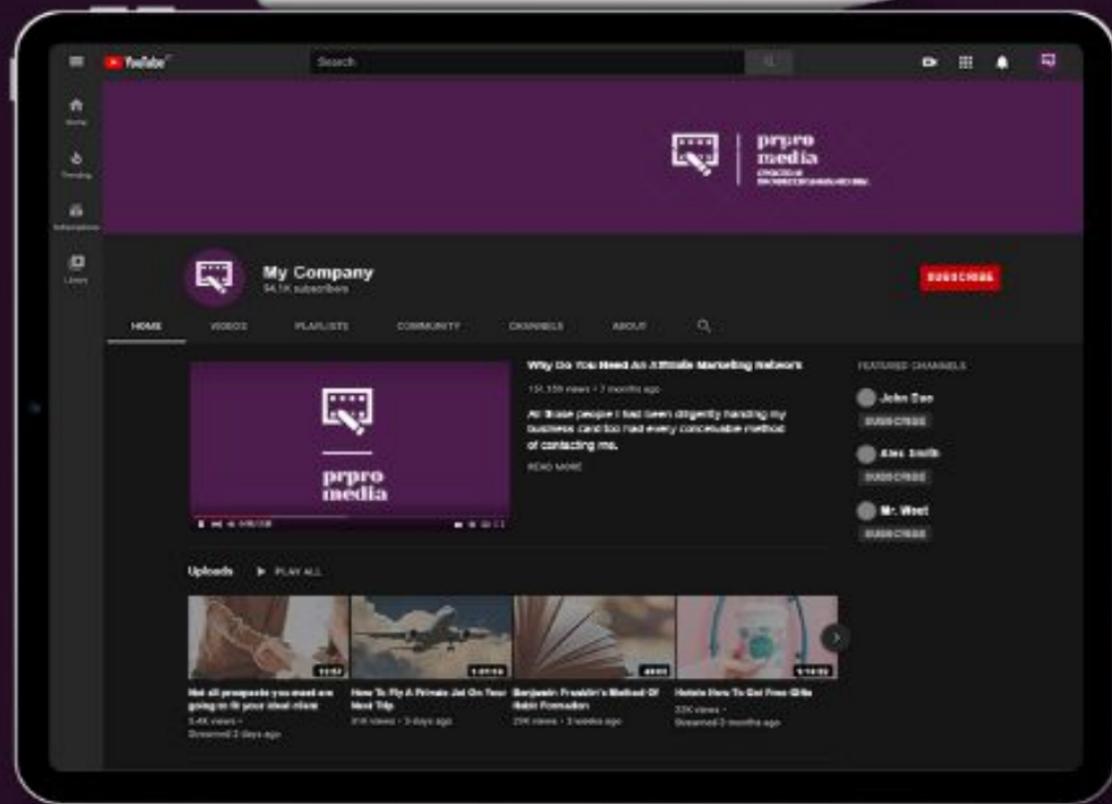

Previously, I worked with two high-volume customer service centers for a major telecommunications company. I resolved a variety of issues and complaints (including service interruptions, billing disputes, service interruptions or outages, and technical support) and met my performance goals, leading an average of 80 to 100 calls per day. In addition to this experience, I gained excellent customer service skills during my part-time work as a waitress and restaurant hostess at a local high school.

I am confident that I can offer you the same level of dedication, customer service skills, and problem-solving skills that you are seeking. Please feel free to call me at +1 212 345 6789 (cell) or +1 212 345 6789 (fax) or email me at alex.smith@prpromedi.com. I look forward to hearing from you about this opportunity.

Sincerely,  
Alex Smith

# MY COMPANY LOGO GUIDELINE

Our logo is the touchstone of our brand and one of our most valuable assets. We must ensure proper usage. The preferred way to use this logo is over a white/light background or on corporate background colors.

Every attempt must be made to do this. If the logo must be placed on a dark background or color options are limited then this logo can be knocked out and used in one color.
