**The house is hung with cedar boughs,  
There's Christmas in the air,  
The gifts are tied with tinsel bows  
And hidden everywhere.**

**Our days are filled with happiness,  
And all our hearts are merry.  
We feel as gay and shining bright  
As any holly berry.**

**Our dearest friends trip in and out  
And greet the family.  
A silver star is gleaming on  
The tip-top of the tree.**

**When blessed Christmastide is here,  
Our lives reflect its glow,  
As joy of heaven kindles joy  
Upon the earth below.**
