

Leadership Style for Social Media

Here is where your presentation begins

Contents of this template

Here's what you'll find in this **Slidesgo** template:

1. A slide structure based on a social media strategy, which you can easily adapt to your needs. For more info on how to edit the template, please visit **Slidesgo School** or read our **FAQs**.
2. An assortment of graphic resources that are suitable for use in the presentation can be found in the **alternative resources slide**.
3. A **thanks slide**, which you must keep so that proper credits for our design are given.
4. A **resources slide**, where you'll find links to all the elements used in the template.
5. **Instructions for use**.
6. Final slides with:
 7. The **fonts and colors** used in the template.
 8. A **selection of illustrations**. You can also customize and animate them as you wish with the online editor. Visit **Storyset** to find more.
 9. More **infographic resources**, whose size and color can be edited.
 10. Sets of **customizable icons** of the following themes: general, business, avatar, creative process, education, help & support, medical, nature, performing arts, SEO & marketing, and teamwork.

You can delete this slide when you're done editing the presentation.

06

Overview

You can describe the topic of the section here

01

About us

You can enter a subtitle here if you need it

Our history

You can give a brief description of the topic you want to talk about here. For example, if you want to talk about Mercury, you can say that it's the smallest planet in the entire Solar System

What sets us apart

Mercury

Mercury is the closest planet to the Sun and the smallest one in the Solar System

Venus

Venus has a beautiful name and is the second planet from the Sun. It's terribly hot!

Guiding principles

Mission

Mercury is the closest planet to the Sun and the smallest one in the Solar System

Vision

Venus has a beautiful name and is the second planet from the Sun. It's terribly hot

Whoa!

This can be the part of the presentation where you introduce yourself, write your email...

“This is a quote, words full of wisdom that someone important said and can make the reader get inspired”

—Someone famous

02

Market analysis

You can enter a subtitle here if
you need it

Audience demographics

Woman

Saturn is a gas giant and has several rings

Man

Mercury is the closest planet to the Sun

Ages

Interest

Top social networking sites

Despite being red,
Mars is a cold place

Saturn is composed of
hydrogen and helium

Mercury is the smallest
planet of them all

Buyer persona

Age: 25 35 y.o

Gender: female

Status: worker

Location: Madrid, Spain

Job: Writer

Income range: \$2000+

Marital Status: marriage

Hobbies: Social media

Product

Mercury is the smallest one in the Solar System—it's only a bit larger than the Moon

Interests

 Mercury

 Jupiter

Competitor analysis

70%

Purchases

Despite being red, Mars is a cold place

60%

Sales

Mercury is the smallest planet of them all

80%

Revenue

Saturn is composed of hydrogen and helium

03

Goals & strategy

You can enter a subtitle here if
you need it

Our goals

Mercury is the closest planet to the Sun

Jupiter is the biggest planet in the Solar System

Despite being red, Mars is actually a cold place

Earth is the third planet from the Sun. We live on it!

Neptune is the farthest planet from the Sun

Venus is the second planet from the Sun

Our strategy

Step 1

It's the closest planet to the Sun

Step 2

Venus has a very beautiful name

Step 3

Despite being red, it's a cold place

Step 4

Jupiter is the biggest planet of them all

Step 5

Saturn is a gas giant and has rings

Step 6

Neptune is the farthest to the Sun

A picture always reinforces the concept

Images reveal large amounts of data,
so remember: use an image instead of
a long text

Awesome words

**A picture is
worth a
thousand
words**

Content plan

You can enter a subtitle here if
you need it

Our areas of expertise

WhatsApp

Venus is the second planet from the Sun

Facebook

Despite being red, Mars is a very cold place

Twitter

Mercury is the closest planet to the Sun

Instagram

Saturn is composed of hydrogen and helium

What content are we going to create?

Venus

Venus is the second planet from the Sun

Mars

Despite being red, Mars is a very cold place

Mercury

Mercury is the closest planet to the Sun

Saturn

Saturn is composed of hydrogen and helium

What tone are we going to use?

Mercury

Mercury is the closest planet to the Sun and the smallest one in the Solar System—it's only a bit larger than the Moon. The planet's name has nothing to do with the liquid metal, since it was named after the Roman messenger god

What platforms are we going to use?

Mercury is the closest planet to the Sun

Neptune is the farthest planet from the Sun

Mercury

Neptune

Mars

Venus

Despite being red, Mars is actually a cold place

Venus has a beautiful name, but also high temperatures

Content sharing plan

Mercury is the closest planet to the Sun

Saturn

Saturn is composed of hydrogen and helium

Jupiter

Jupiter is the biggest planet of them all

Neptune

Neptune is the farthest planet from the Sun

05

Budget

You can enter a subtitle here if you need it

Budget

30%

Mars

Mars is actually a cold place

85%

Venus

Venus has a beautiful name

75%

Mercury

Mercury is the smallest planet

55%

Jupiter

Jupiter is the biggest planet

Budget allocation

| | | Jupiter | Saturn | Venus | Mars |
|--------|---|----------|----------|----------|----------|
| Social |  | \$ 3,000 | \$ 2,500 | \$ 3,500 | \$ 2,800 |
| Buzzer |  | - | \$ 3,500 | \$ 4,000 | \$ 4,300 |
| Press |  | \$ 2,000 | \$ 2,200 | - | \$ 2,600 |
| Online |  | \$ 5,000 | - | \$ 5,500 | \$ 6,800 |

\$3,845,600

Mercury is the closest planet to the Sun and the smallest one in the Solar System

\$245,000

Despite being red, Mars is a very cold place

\$50,000

Jupiter is the biggest planet in the Solar System

\$7,480

Saturn is composed of hydrogen and helium

06

KPI overview

You can enter a subtitle here if
you need it

Customer demographics

Jupiter

Jupiter is the biggest planet in the Solar System

Mars

Despite being red, Mars is a very cold place

Saturn

Saturn is composed of hydrogen and helium
