Dear Kevin,  
Thanks for your letter. Sorry,  
I couldn't answer earlier because I  
was busy at school.

It was sad to hear about your  
unfortunate trip. I hope it will be  
OK next time. You asked me about  
transport. As for me, I prefer  
traveling by car rather than by  
airplane, because you can enjoy  
beautiful views from the window  
of your car. Moreover, you always  
can stop if you need. By the  
way, I don't agree that airplane  
is the quickest way to travel. It  
can be so long and difficult &  
because of <sup>the</sup> weather.

It's my turn to ask you. Is it  
difficult to learn driving? Do  
you have a car to practice?  
Is it expensive to attend driving  
courses?

Sorry, I have to go now, my  
mum needs my help.

Write back.

Love,

Viktor

Nowadays some people may hold the opinion that family is the most significant thing of everyone's life, while others disagree. What is the truth? Is family so important like people consider?

First of all, I would like to say that I absolutely agree with the statement. Everyone has a ~~##~~ family. A family consists of the closest people in your life. These people always can help you in different difficult situations such as problems at work or at school. They always can support you, and it makes our life better and easier. Moreover, your family loves you and love is a great

...не так  
ли?????

Когда мы хотим поставить «хвостик» в вопросе (не так ли?), мы задаём себе 2 вопроса:

1. Есть ли в основном предложении такие слова, как приведены ниже? Если есть, то в хвостике будет их противоположность (правило «батарейки»)- если в первой части «+», то во второй части «-», если в первой части «-», то во второй части «+».

Can – can't

Could – couldn't

Was-wasn't

Were-weren't

Am-is-are – aren't I / isn't he, she, it / aren't they, you , we

Will-won't

Have-haven't

Must-mustn't

Should-shouldn't

2. Если этих слов нет, то задаём второй вопрос: в каком времени стоит предложение? Исходя из времени исходного предложения, зовем на помощь помощников: did/didn't, do/does, don't/doesn't/

### **Translate into English:**

1. Ты любишь суши, не так ли?

2. Ты смог выиграть приз, не так ли?

3. Я думаю мы выиграем, не так ли?

4. Они купили новую гитару, не так ли?

5. Они умеют плавать, не так ли?

6. Ты не умеешь готовить, не так ли?

7. Сейчас не жарко, не так ли?

8. Он не любил учиться, не так ли?

9. Ты любишь вставать рано, не так ли?

10. Они приехали вчера, не так ли?

# В разделительном вопросе с **I am** в окончании используется **aren't I?**:

*I'm late, aren't I?*  
*(am I not?)*
