

Процесс сборки
проекта "Бастион"

Автор проекта: Кропоткин Дмитрий
Александрович

ВНИМАНИЕ!!!

Пожалуйста, не передавайте этот файл третьим лицам и не выкладывайте в свободный доступ! Во-первых, я честно выполнил свою работу, создав чертёж и разработав инструкцию к сборке, и, к слову, затратил на это не один месяц. (И да, я работал над этим проектом один)

Во-вторых, инструкцию я сделал специально для Вас, чтобы Вам же было удобнее и проще собирать модель.

В-третьих, сами знаете, что незаконное распространение интеллектуальной собственности преследуется по ст. 146 УК РФ и предполагает малоприятные санкции вплоть до реального срока.
