

Dedicated to Dmitry Steinhart!

Love

*© Steinhart Sergei, August 11, 2017,
St. Petersburg*

Introduction

I turned 25 years old. This presentation is my gift to myself and my brother Dmitry on my birthday.

This presentation reflects my current understanding of the world, formed on the basis of my own feelings and analysis of the works of original thinkers.

My definition of love

Love is a sincere process of giving yourself, their strengths and abilities in the name of another person's prosperous life, developing of the idea, work performance, etc.
