We've got a big Family Star H...e in Twinkyland. In the h...e there is a h..., a k..., two b...s, a family room and b... for me, my parents, my sisters and my brother.

There isn't a sh... in the b.... We usually take a bath.

In my room I've got a d..., 5 electronic b...s, a 3D TV and a c...r. There's a b... and a m..., too.

In the f...y room there are three big s...s, two 3D TVs and six c...s. There are videophones in every room. We talk to our grannies and grandads, aunts, uncles and cousins on v...s.

In the h... there is a big w... and a d... with a v...o. We can see who comes to us.

In the k... we have a lot of c... for p...s and c...s, f...s, s...s and k...s. We've got a big t... with ten ch...s, a big s... and a big 3D TV. We haven't got a f... or a c...r. We don't cook at home. Food comes in cool boxes, packets and tubes. We put it in the c...s.

Downstairs we have a swimming pool and a playground.

Upstairs there is a star garden with star grass and star trees. We haven't got any flowers. What a pity!5
