

The topic of the presentation is “Russia”

The presentation is done
by the student of the first
year of the group
Kolzunova Po

Geographical Position

A semi-transparent globe of the Earth is centered in the background. The landmasses are shown in a light grey color. The country of Russia is highlighted in a solid green color, spanning across both Europe and Asia. The globe includes latitude and longitude lines.

Men love their country,
not because it is great,
but because it is their own.

With a total area of 17 million square kilometers, Russia is the largest country in the world.

It spans two continents (Europe and Asia) and borders Poland, Ukraine, Belarus and the Baltic countries to the **west**, Finland to the **north**, Georgia, Kazakhstan, Azerbaijan, Mongolia and China to the **south**, and North Korea to the **east**.

The United States and Japan are not far from the eastern coast of Russia.

Political System of Russia

- Russia is a democratic federative state based on rule of law and a republican form of government. State power in Russia is exercised by the President, the Federal Assembly, the Government and the courts.
- The president of Russia is the governments chief executive, head of state, and most powerful official. The president is elected by the people to serve a four-year term. The president, with the approval of the lower house of parliament, appoints a prime minister to serve as head of government.
