THANKSGIVING DAY

PERFORMED BY : LEONID OSIICHUK

There are 4 people in my family: my father is Konstantin, my mother is Olga, my older sister is Ekaterina, and I am Leonid

I would like to thank my family for teaching me to be kind, because in our family, almost no one quarrels

I am grateful to them for the fact that they raised me, and now I exist. We have a very friendly and fun family, and in difficult moments of our life we try to find something good, or fix it together.

Thanks for your attention. Bye!
