Detail & request

Space for cable

Space for cable

- Suggest make top cover separate from the table top, client can decide which side he want to keep the space for cable

- Consider to wire of power is not soft and may been to keep Laptop Adapter, The depth of this space should be kept at least 10 cm

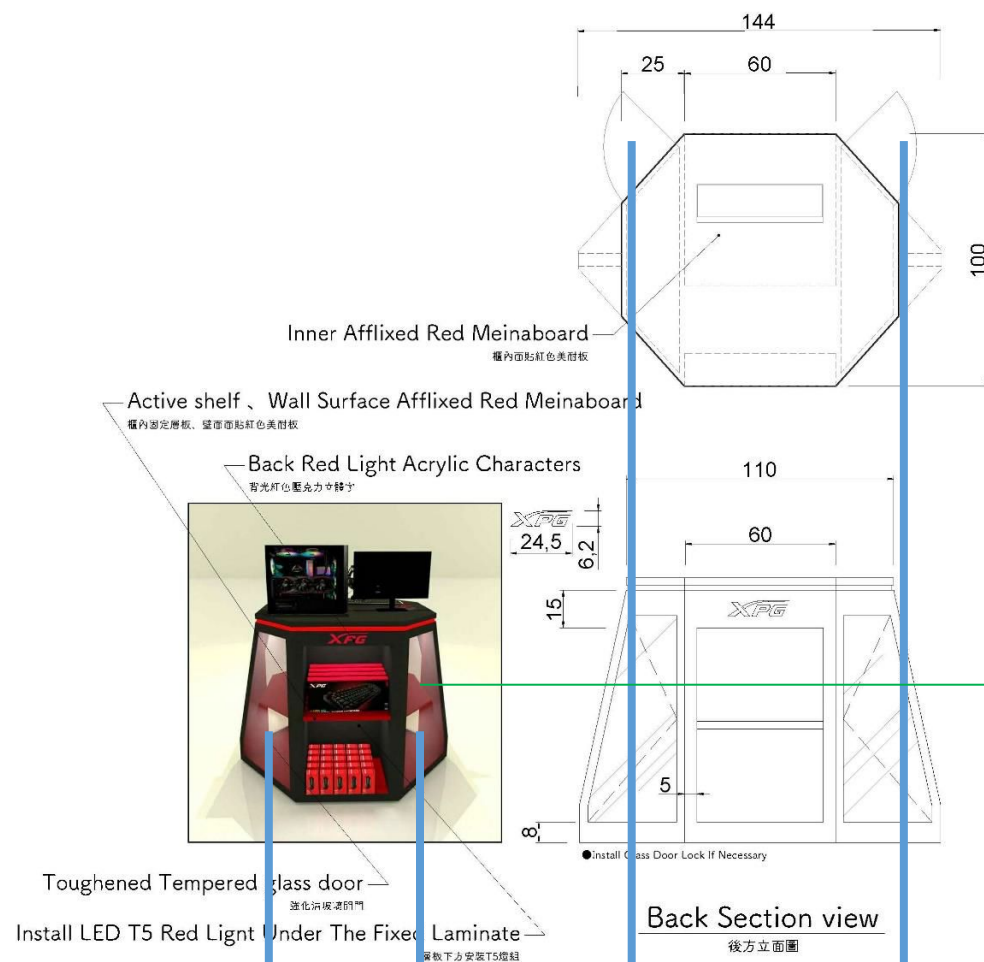

- Suggest to make one more hold in case future need, like Network cable , HDMI

設計名稱：XPG俄羅斯展櫃設計專案

圖名：b'剖面圖

出圖日期：2021/05/16
比例尺：

4

This space can display XPG products ,
suggest keep Socket for RGB products

This two glasses door can be opened, also
can add a sample lock if local need
