активизировать познавательную деятельность учащегося в  
процессе обучения иностранным языкам

## Интеграция интернета

Интернет - превосходное средство для получения информации о последних событиях в мире

Учащиеся могут попробовать себя в роли не  
потребителей, а поставщиков  
информации.

Michael Jackson: Spiritual Messenger Hiding in Plain Sight

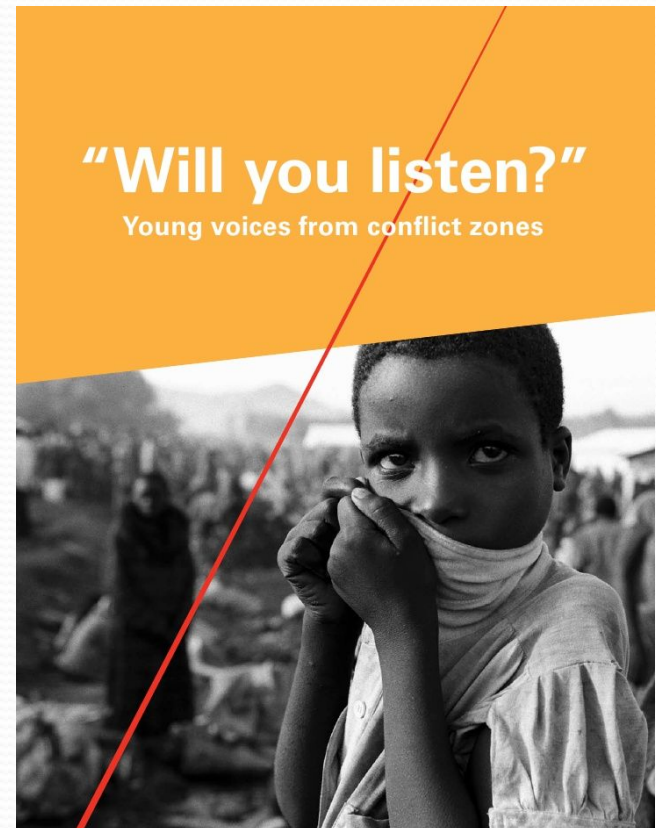

Submitted by **One Wordsmith** on Sat, 03/20/2010 - 1:15pm

There are those rare visionaries who come along, maybe a few every millennia: the Bodhisattvas of the world. They are usually empathists who begin in childhood to literally feel the pain of the world and make vows to the cosmos early in life to change or improve it. They go about spreading awareness and mobilizing forces for change in order to make the world a better place. Counted among them are: Gandhi, Martin Luther King Jr., Mother Theresa, John Lennon, Lady Diana Spencer, His Holiness the Dalai Lama, Mattie Stepanek, Nelson Mandela and a little Moonwalker.

The most famous man on earth literally stopped the world and the Internet when he became immortal on June 25, 2009. Michael Jackson was such a one—a cheerleader for humanity and a force for coalescing compassion and mobilizing global forces for change, philanthropy and social reform. A global messenger, Michael's rise to stardom afforded him visibility and a worldwide platform from which to broadcast his message. His boldness and artistry garnered attention and Michael knew how to get attention. When he pulled enough people in and had everybody's attention—he emphatically delivered the message. It was cloaked in a form that everyone could understand—the universal language of music.

As a child, he acutely felt the pain of the world and especially the world's children. Michael's words in his book *Dancing the Dream* reveal a thread of spirituality and mysticism rare for one so young. His body of work is filled with myth, metaphor and musical and
