PROCEED WITH CONFIDENCE

Ever looked at a car wrapped in black and thought: "wow, that looks amazing!" ?

Ever seen a different car wrapped in black and thought: "I would not want my car looking like that!" ?

The colour may be the same, but a choice of the wrap brand, colour tone and finish will make a huge difference on how the car will look.

Many of us considered getting a car wrap but never proceeded due to the risk of the car not looking as expected.

Thanks to the latest technology implemented by our team, you can now see how the wrap you choose will look on the vehicle before the wrapping begins!

Choose the perfect colour, tone and finish from over 1000 different wraps from the most trusted and popular

SERVICES – VEHICLE WRAPS

Car Wrapping Services

- COLOR CHANGE

- VINYL DETAILING

- PARTIAL WRAPS

Trust a team of professionals to transform the look of your car. Anything from wrapping your side mirrors to a full car wrap – we do it all.

Benefit from a great range of GLOSS, SATIN & MATTE Or CUSTOM WRAP Designs

GLOSS:

Gloss wraps are an ideal choice if you want to achieve a fresh paint look at an affordable price without permanently changing your car's colour.

These wraps are known for a high intensity shine, replicating the look of a fresh paint finish.

changing your car's color.
These wraps are known for a high intensity shine, replicating the look of a fresh paint finish.

SATIN & MATTE

Satin & Matte wraps are the most popular choice among car owners who do not wish to blend in with the crowd. These wraps make it possible to transform the look of the car to be unique and classy, which would not be possible to achieve using the standard paint method.

to be unique and classy, which would not be possible to achieve using the standard paint method.

CUSTOM DESIGN WRAPS

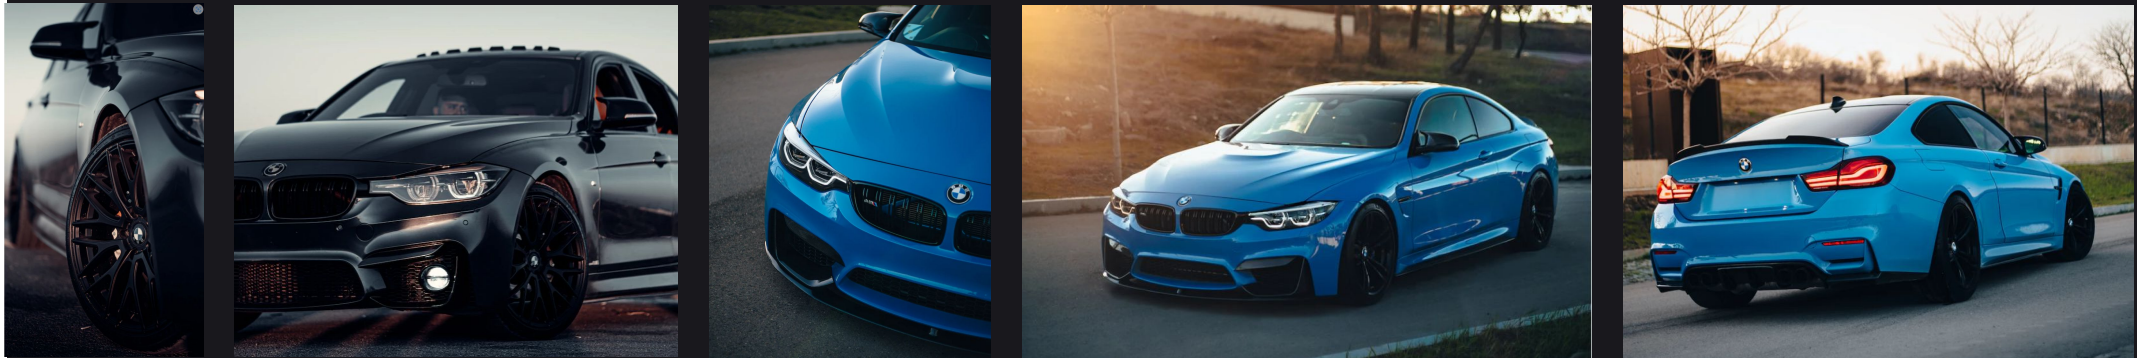

If just the colour change is not enough, then this choice is for you.

Custom printed wraps make it possible to make a completely unique look of the car.

Whether you are after a custom look graffiti look, or would like to transform the vehicle into a unique looking company branded car - it is all possible!

PAINT PROTECTIVE FILM (PPF) BY XPEL

Paint Protection Film -Drive With Confidence!

PPF Benefits:

- Superior protection against chemicals and corrosion
- Protects against stone chips
- Instant healing of minor scratches
- Negates the need for an expensive respray

ULTIMATE PLUS GLOSS IS BOSS

Essentially an undetectable urethane film. It's purpose is to protect your car's paint without changing the look of your vehicle. As the result it helps to drive in peace and maximize the re-sail value of your vehicle.

PPF from XPEL benefits from features like Self Healing, Stain Resistance and Superior Optical Clarity.

ULTIMATE PLUS BLACK

The latest product available from XPEL giving your vehicle's paint an ultimate protection and a deep high gloss black finish.

STEALTH SATIN PAINT PROTECTION FILM

An industry-leading PPF wrap giving your vehicle a sleek matte look. Just like the other XPEL products, it also has the self-healing, Stain Resistance and other features.
