- Hello! My name is Katya.
- I was born in Kondopoga.
- Have you ever been to my town? No?
- I think you will like Kondopoga because it can be called small United Kingdom.

- I will show you our pride-the Yspenskaya church. Does it remind you of St. James and Paul's church in Marton? Our church is about two and a half centuries. It was entirely made of wood.

- Do you know that we have our own Big-Ben? And not even one. Two carillons play melodies every hour.

- Palaces are not only in London. Our Palace of Arts is famous for the fifth largest organ in Russia. I think it looks like the Hampton-Court palace in London.

- We have the waterfall called Kivach. I know that there is waterfall Pistyll Rhaeadr in your country.
