

An aerial photograph of a lush green mountain valley. The terrain is covered in dense vegetation, with a prominent waterfall cascading down a steep slope in the center. Mist or low clouds are visible, partially obscuring the upper parts of the mountains and the valley floor. The overall scene is vibrant and scenic.

Best Places in Coorg

Coorg

An aerial photograph of the Coorg region in Karnataka, India. The image shows rolling hills covered in lush green coffee plantations. The rows of coffee trees are arranged in a grid-like pattern, creating a textured appearance on the slopes. In the foreground, a dirt road winds through the hills, and a small cluster of buildings is visible in a valley. The background features more densely forested hills under a clear sky.

Coorg is also called as Kodava Nadu, this is the best destinations for the nature lover in Karnataka. Coorg is famous for coffee plantation.
