We will start our tour from Prospect Pobedy street. Then we will go to the one of the most visited places - Resort Boulevard. And then you can go to the souvenir shops and buy some souvenirs.

Next our stop is Narzan Gallery. Narzan gallery, one of the most beautiful architectural buildings in Kislovodsk, was built in 1848 by the architect S. Upton. The bubbling sour spring in the valley has long been used by the Caucasian mountaineers. Here you can taste different narzans.

After that I invite you to see one of the most beautiful man-made attractions of the Kislovodsk Resort Park is the Mirror Pond and the Glass Stream. They are single garden and park ensemble, consisting of a small artificial defeat pond with gazebo and man-made flat white waterfall. Many guests of the city, to return here again, traditionally throw coins into Mirror Pond. The bottom is literally strewn with coins.

Not far from the Mirror Pond- the bridge "Lady's whim" which is one of the most refined structures of the spa-medical park in Kislovodsk. The history of its creation is directly related to the name of this fragile-looking bridge, which is located in the heart of the park.

The appearance of this bridge, thrown across the fast river Olkhovka, is due to one of the ladies who flatly refused to cross the river and her cavalier had to be carried by a lady on her hands. After that, he promised to build a bridge on this place. The bridge in an openwork design, which now stops a lot of couples in love, to admire the rapid flow of the river, heading to the stone grotto, which is the most romantic place in the park

Soon after the Lady's whim, 400 steps are waiting us, and then the platform an amazing panorama of Kislovodsk is open.

Then, if you are hungry, we will go back down to Resort Boulevard and go to the 5642 restaurant.

Delicious cuisine, very polite, attentive and courteous staff.

We will waiting for you!!!
