# Evacuation

Орындаған: 2-топ

Place the scatted

Agricultural zones outside the city and other cities or regions where military personnel and other people settled play servicesv

The diagram features a central green rounded rectangle containing text. Above it is a green oval labeled 'evacuation'. Two thick green arrows with white outlines form a loop: one points from the 'evacuation' oval down to the text box, and the other points from the text box back up to the 'evacuation' oval.

## evacuation

If a state of emergency in large cities or to the zone outside the city people from other regions of the universe. They continue their services, depending on the situation or the military can pursue the case.

What is outside of the city area, away from the territory of the state of emergency, is located near major cities or important objects in the region. The distance between the city and this region should not exceed 4 hours in line

Possible fracture zone - when the opponents attack and the collapse of buildings and houses in large cities will depend on the number of people suffering from the previous forecast.

Possible violation of the zone depends on the number of population and the importance of that city. And outside qaa specifically detailed in the zone beybirtşilik dayındalınıladı.

Combined evacuation

Important agricultural work and military spare any transport people through the emergency evacuation of the territory.

## Evacuation bodies

- The United Kingdom / Commission evacuation points; Évakwaciõndı / évakwaciõndı points; Évakwaciõndı / commissions; Administrative / O points and intermediate evacuation points;

After receiving the news of the evacuation of people need to begin preparations immediately. With him: clothes, shoes, bed instead of going to bed at night, 2-3 days of food, medicines, individual protective equipment must be one of the unknown. In general, it should not exceed 50 kg. At the same time, documents and need funds. If your évakwacıyaları preschool children to the risk of the bank letter or paper in his pocket full name, place of residence and the destination of the evacuation should be established.
