

A circular network diagram composed of numerous nodes and edges, arranged in a ring-like structure. The nodes are represented by small circles, and the edges are thin lines connecting them. The overall appearance is that of a complex, interconnected graph. The word "CLAUSES" is prominently displayed in the center of the diagram in a bold, dark blue font. The background is a light, textured blue with a subtle pattern of dots and lines, suggesting a network or data visualization theme.
