# Пирамиды в Гизе

# Большой Сфинкс

# Палетка Нармера

The image is a composite of several Egyptian monuments. In the foreground, the Great Sphinx is visible on the left, with its face partially obscured by the text. In the background, the Great Pyramids of Giza are shown under a clear blue sky. To the right, there are several smaller statues or sphinxes. The overall scene is set in a desert environment with golden sand.
