

Trip to Dushanbe

Dushanbe - the capital of Tajikistan.
The population of the city was 1 million people.
We decided to go on a trip to Tajikistan by car.

In Tajikistan, we wanted to visit several places of interest. One of which was called the Road to the Pamirs.

After the mountains, we went to the Rudaki park, where we had a rest and went to spend our free time in this city.

In our free time, we visited the National Museum of Antiquities of Tajikistan.

After the museum we went for dinner. After dinner we went to the water park "Dolphin«.

It was fun and very interesting!

Our trip was already coming to an end. We packed our things and hit the road.
