

FURO SPORTS FOOTWEAR

FURO is registered under Leayan Global Pvt. Ltd and is into Sports Footwear business. The idea to launch this brand is to make good quality footwear accessible to everyone.

FURO believe that the talent can be hidden in any nook and corner of our country. It isn't necessary that the Sports Star is born with a silver spoon. So while other brands create shoes only meant for Elite, FURO comes from a very different school of thought. To give customers sports shoes with such a Grip that they can stand their ground, even when the odds are against them. So, that Sports isn't just limited to being a playground for the rich. FURO is born from this fire to change the game.

THE TOP TREND SETTERS FOR THE SHOE REVOLUTION 2022

Running has a pretty farfetched benefit for our health, but one cannot deny the merits of walking in a rhythm which doesn't strain your knees by excessive jerks and non Ambient surface conditions, hence bringing into play, power walking at a lower intensity. Having a persistent agile run ensures that one is able to drive out the maximum from his/her core and at the same time, boosting metabolic rate. Clinical studies have shown that under similar testing conditions researchers found that walking regularly at a lower intensity reduces the risk of high cholesterol, blood pressure, and type 2 diabetes and can stave off various leg and knees ailments which make it pervious to repetitive somatic damage

The most aspect of the whole dedicated movement and exercise is to increase the number of miles one is walking at whatever pace they are comfortable with; this thereby is a matter of quantity over speed benefits. Achieving this important goal is only possible when you have proper walking shoes to put your feet into.

COMFORT IS THE PRIMARY CONCERN

Walking shoes are a customized add on to sports shoes that are specifically designed for long distance walkers, so comfort is the first criteria that you must check before investing in one. Sometimes the most comfortable shoes might not be the appropriate according to one's construct or not modern and decent enough. However, try to overlook that part as long as your feet are happy and comfortable.

Most of the **walking shoes** by Furo Sports have been designed to provide adequate support to your feet while you cover those extra well deserving miles. The Hi-Grip technology combined with the specially compounded rubber used to make the sole of Furo Sports shoes for men provides ulterior cushioning and breathability and at the same time ensuring no resistance to productivity.

Furo Sports also caters to the need of people with wide feet and in accordance you will be able to find shoes that go up to sizes 4E. Our sneakers are the ultimate combination of functionality and style.
