The one who takes your hand but touches  
your heart is a true Friend

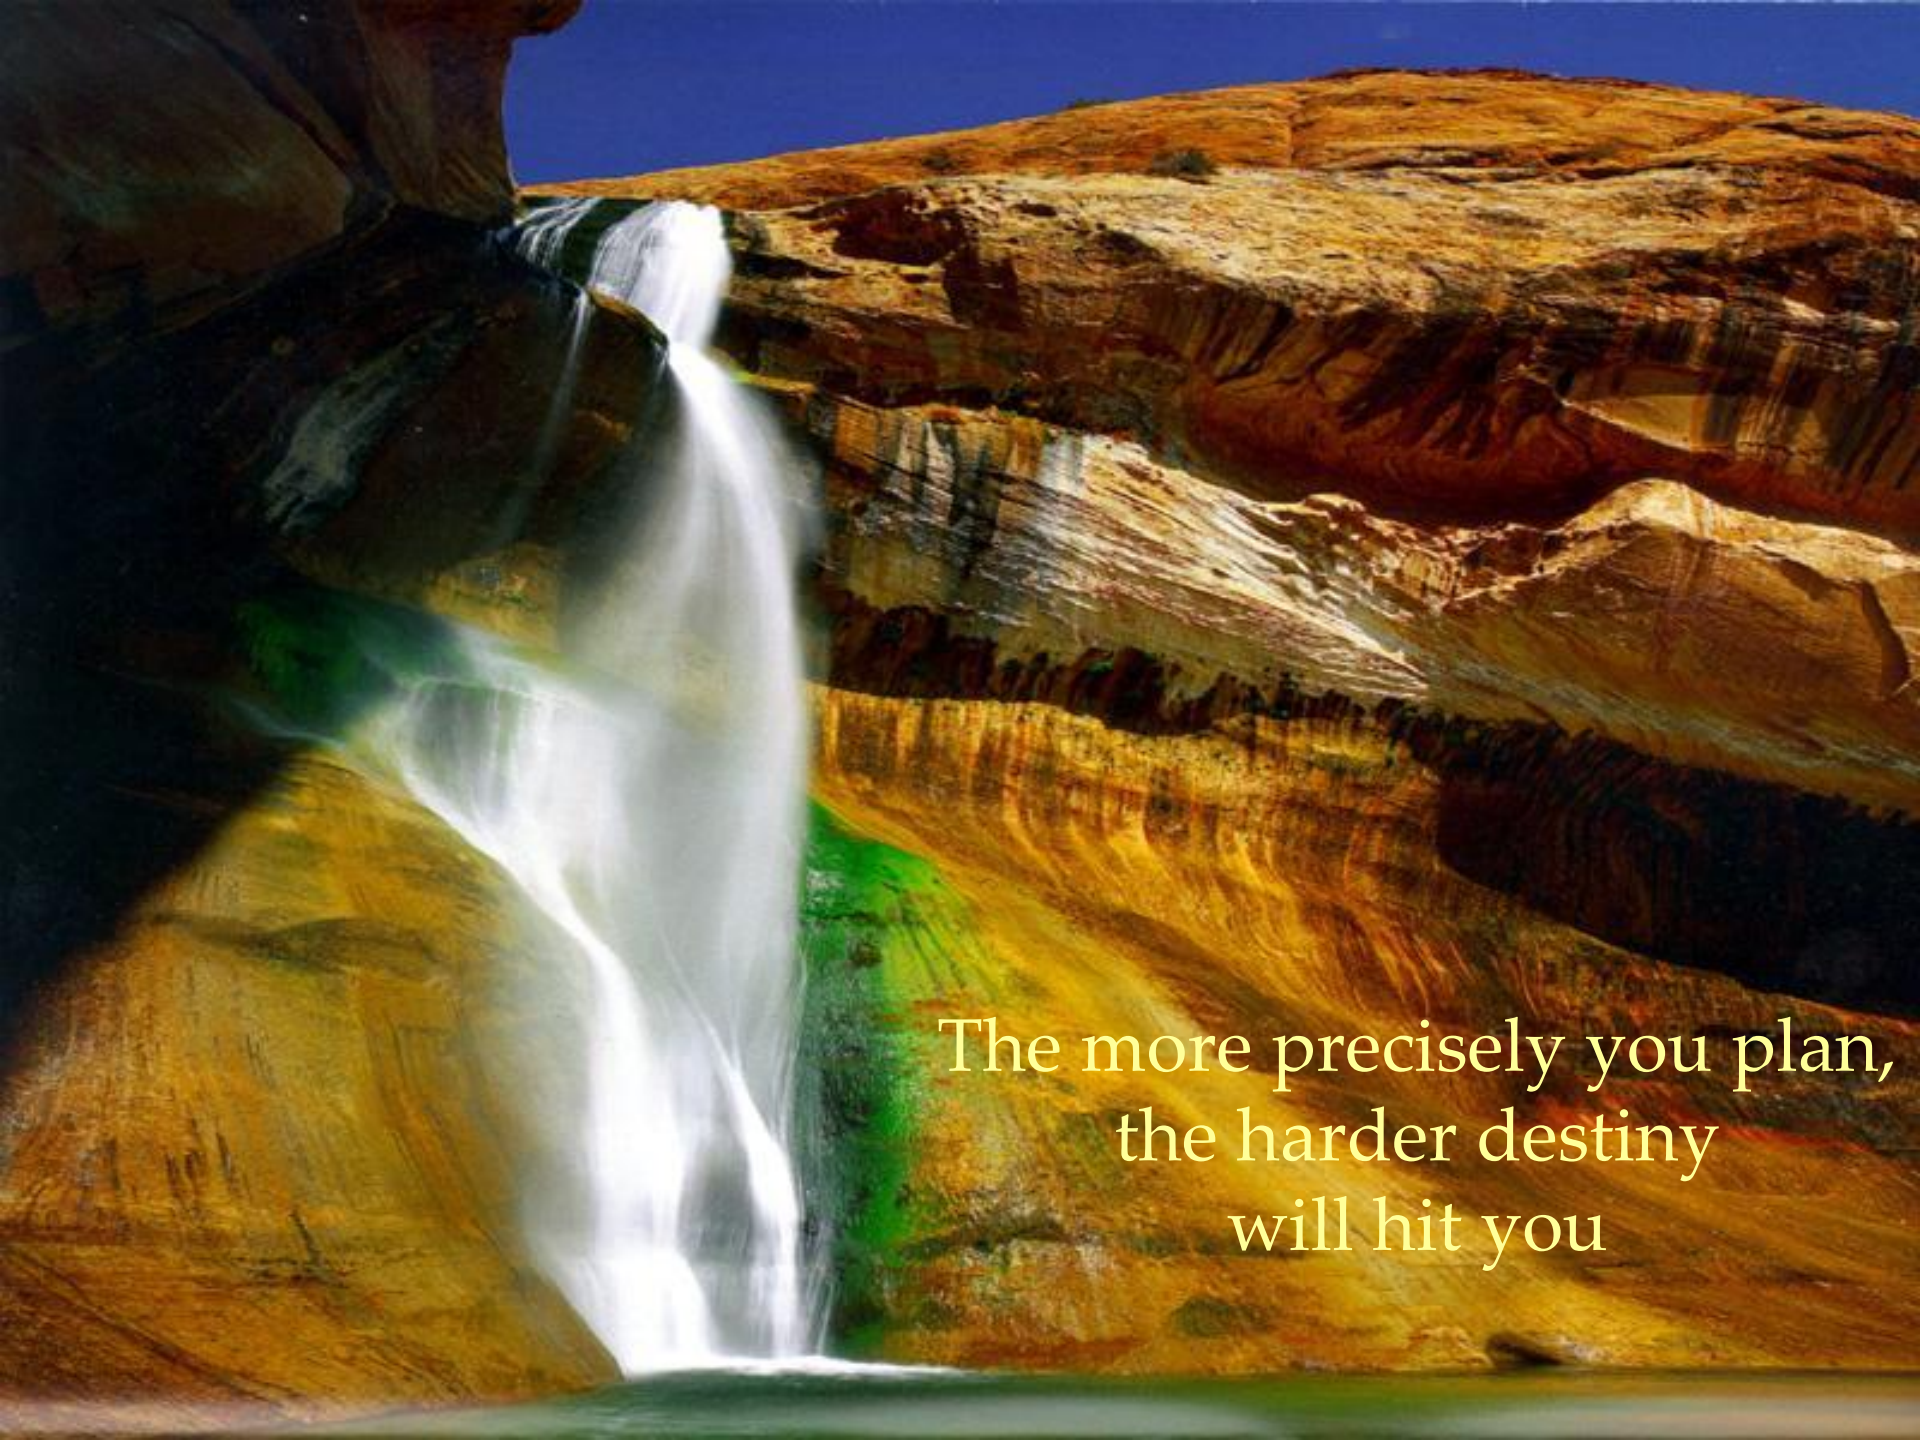

We seldom think of  
what we have,  
but always think of  
what we miss

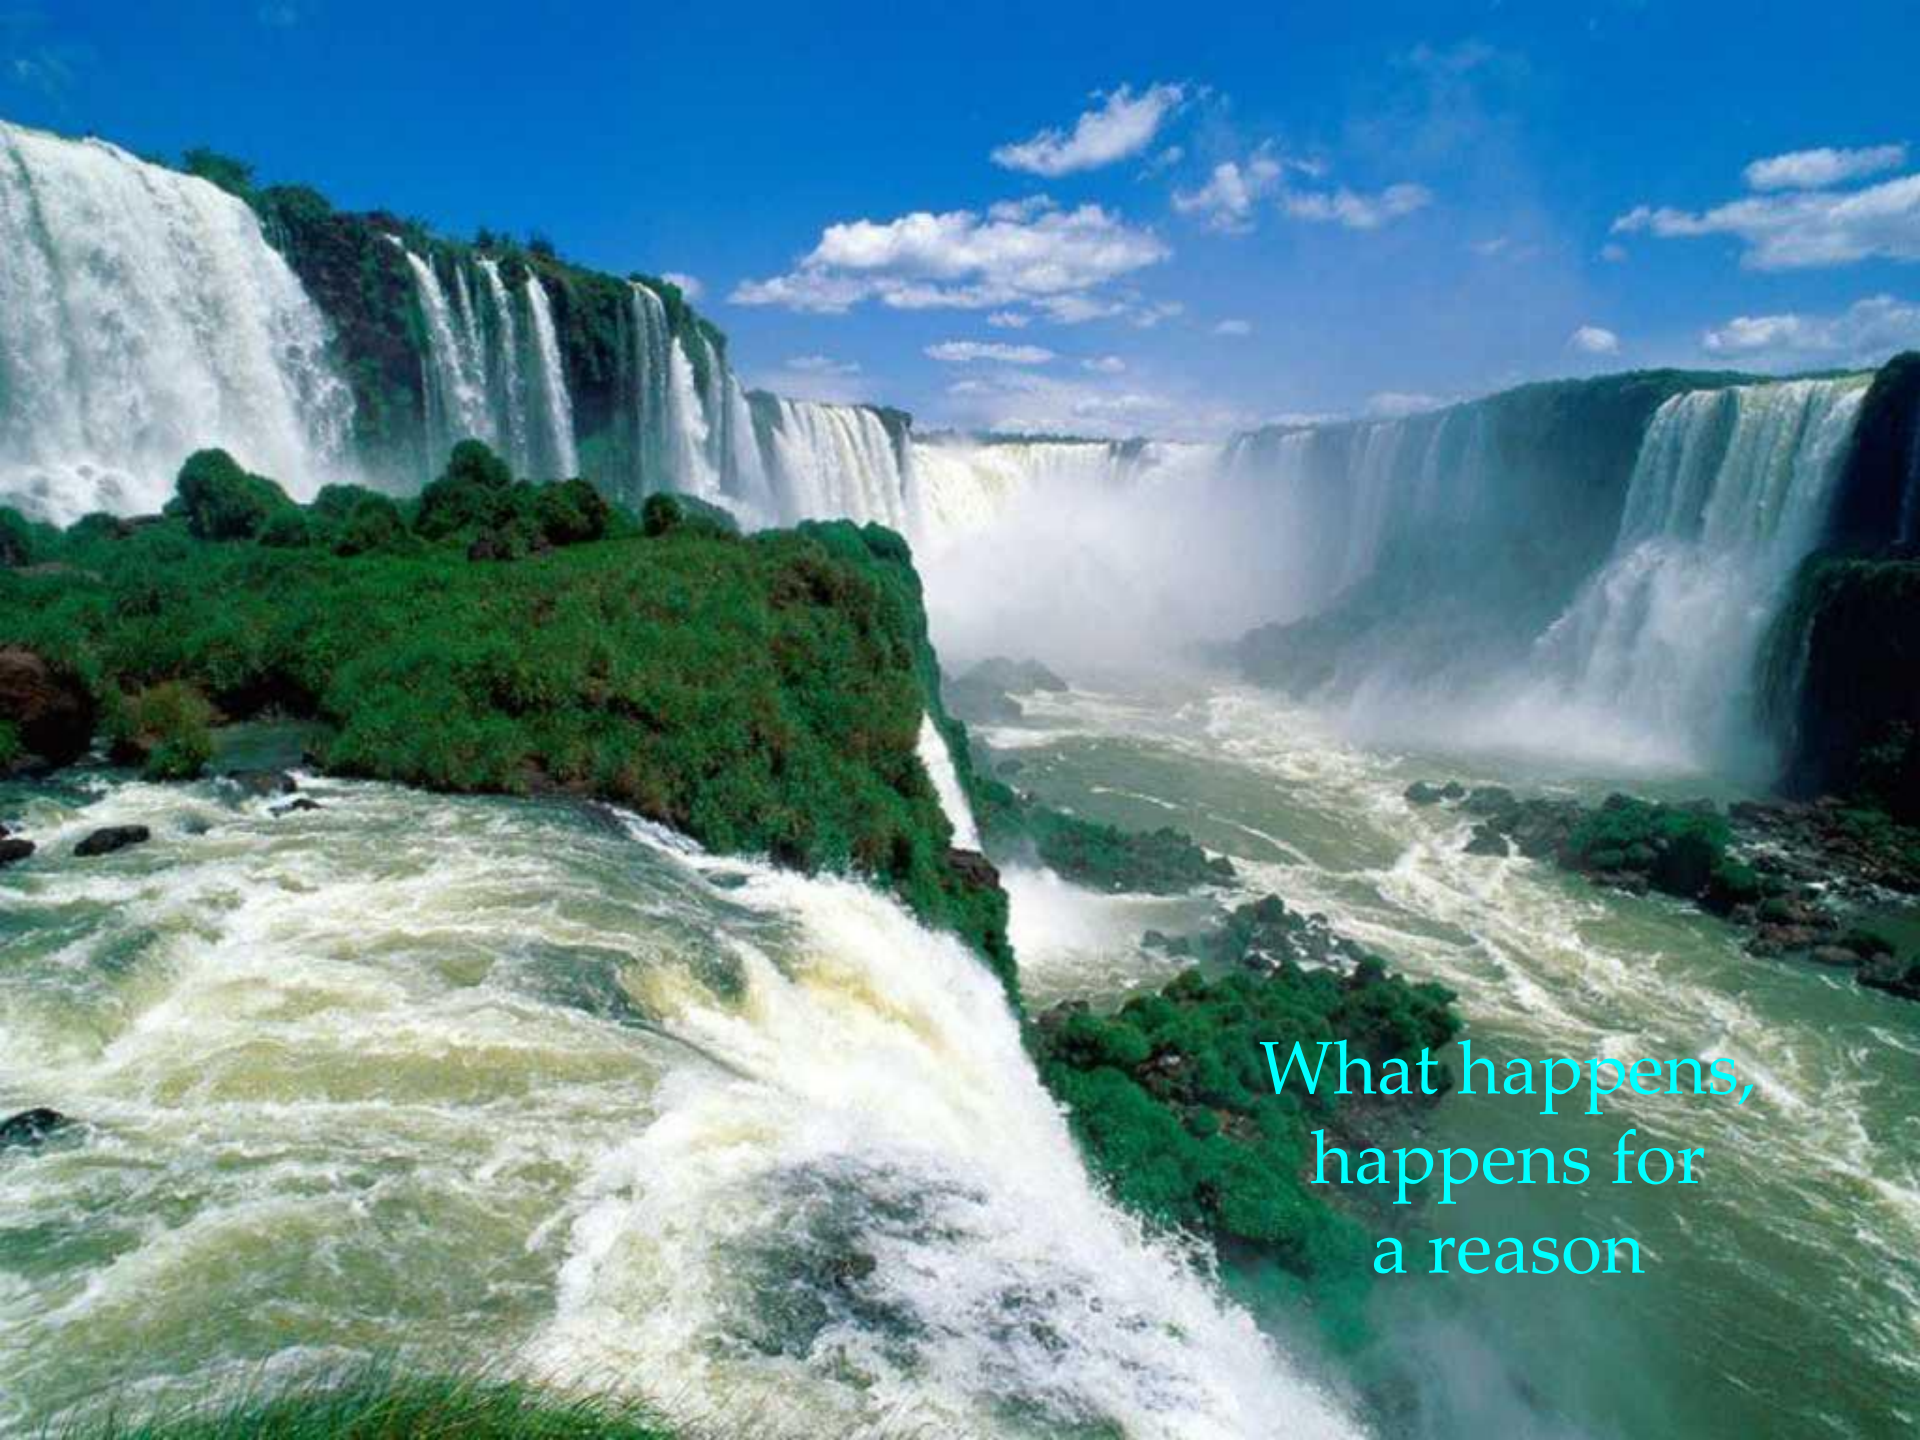

Don ' t cry because it ' s over now,  
laugh because it happened

The more precisely you plan,  
the harder destiny  
will hit you

What happens,  
happens for  
a reason

A photograph of a waterfall cascading into a pool of water. The waterfall is the central focus, with water falling from a dark, rocky ledge. The water is white and frothy as it falls, creating a misty spray at the bottom. The pool of water at the base is a deep green color. The background is a dense forest of green trees. In the foreground, the top edge of the frame is filled with large, bright green leaves, some of which are slightly out of focus. The overall scene is bright and natural.

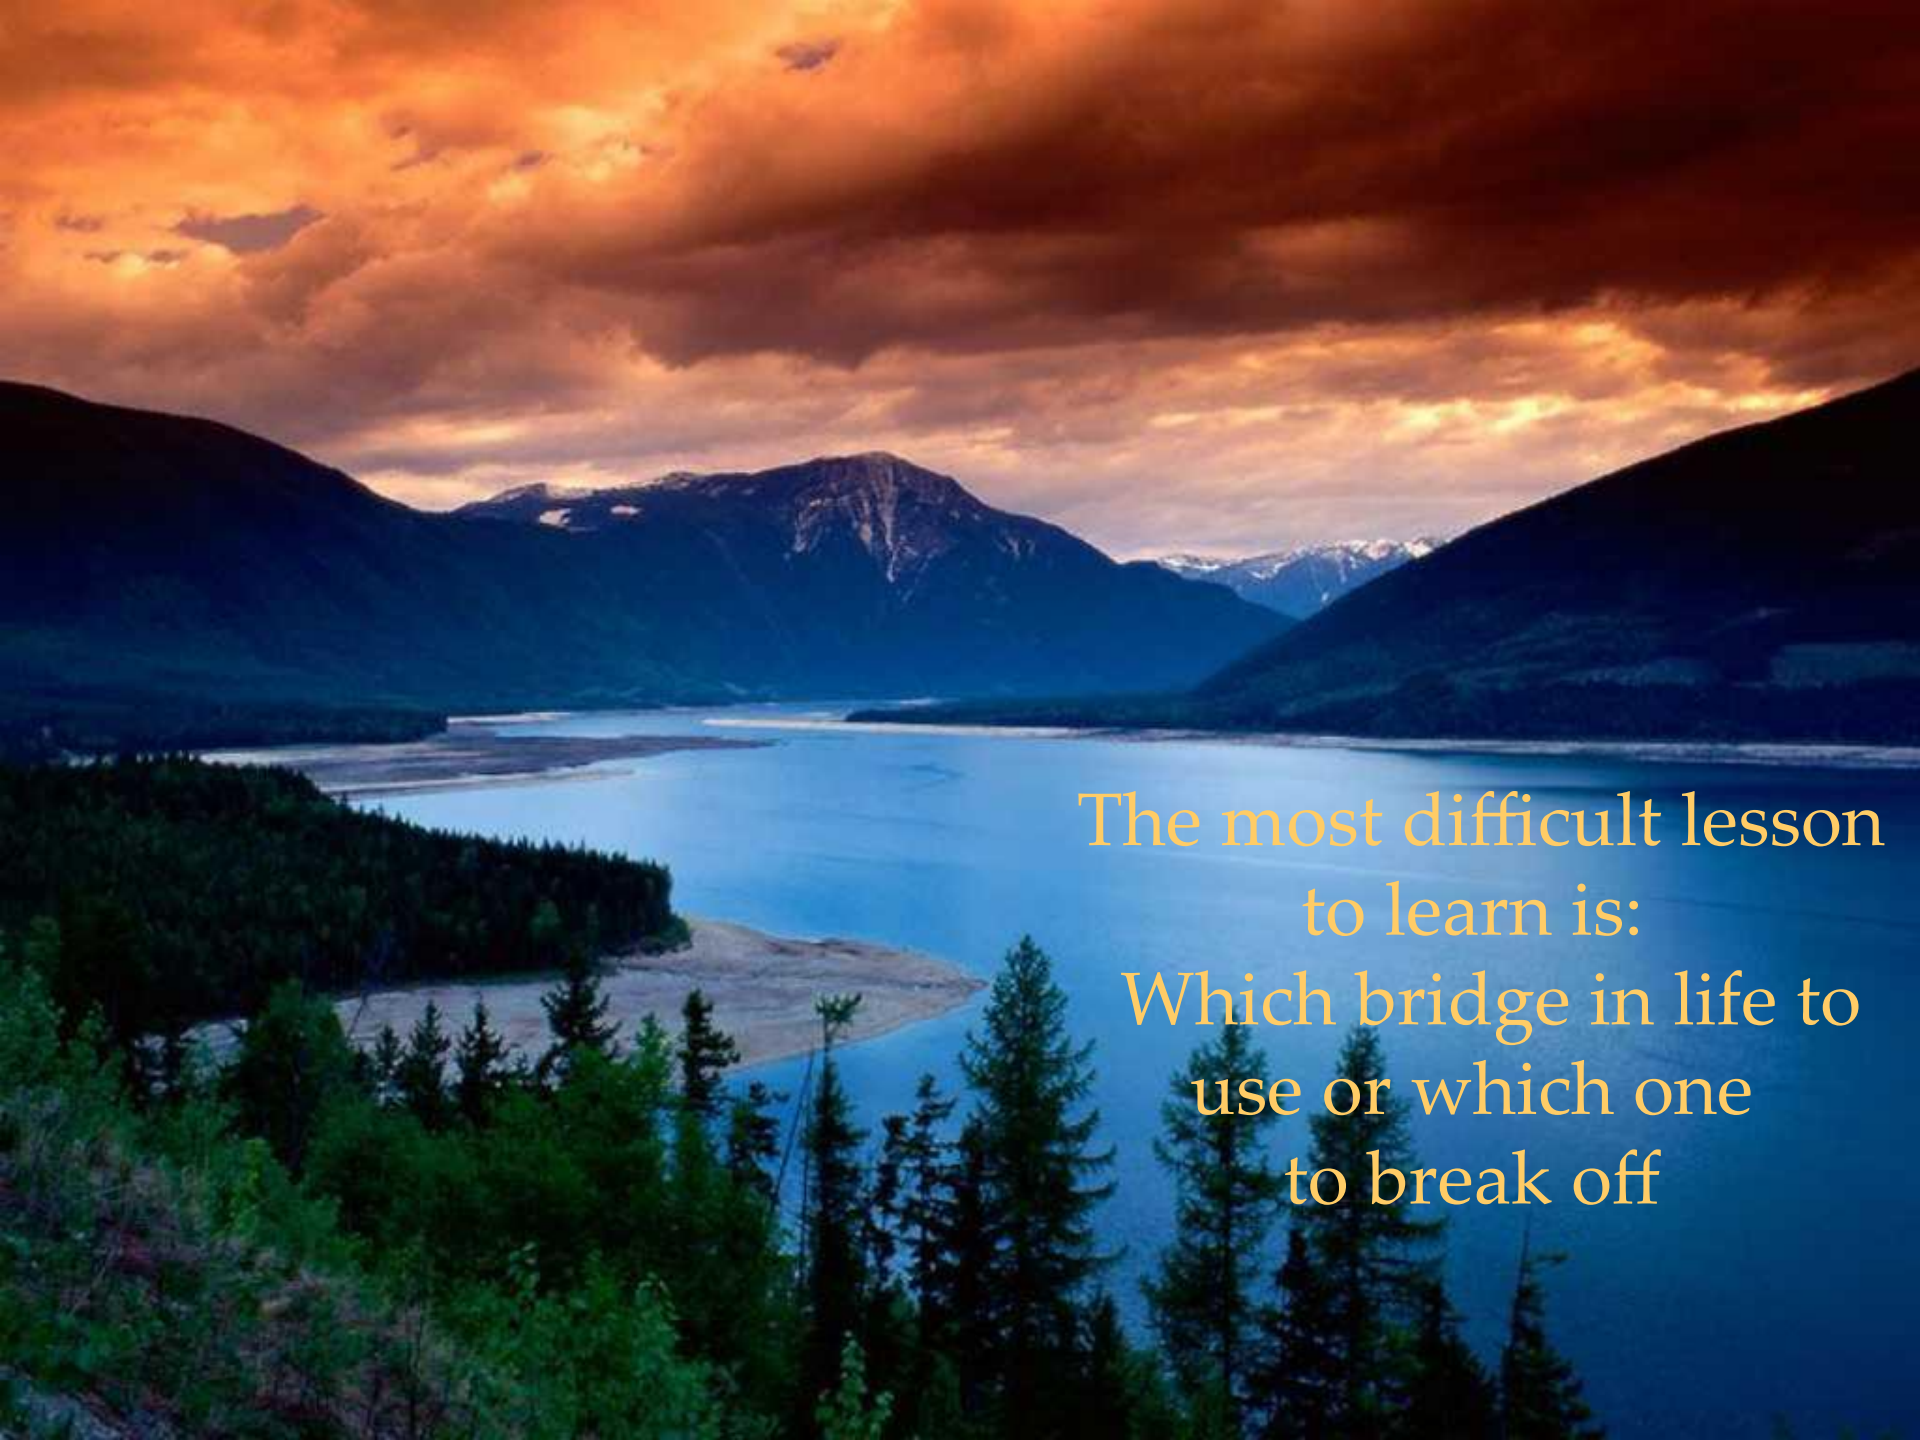

Don't make  
an effort  
because  
the best things  
happen,  
when you  
least expect  
them

The greatest events,  
aren't the loudest,  
but the most quiet  
hours

The most difficult lesson  
to learn is:  
Which bridge in life to  
use or which one  
to break off

A photograph of a snow-capped mountain peak, likely Mount Everest, under a bright blue sky filled with scattered white clouds. The mountain's peak is the central focus, with snow covering its slopes and some rocky outcrops visible. The sky is a deep, clear blue, and the clouds are bright white, creating a high-contrast scene.

Everybody sees how you seem,  
however, only some know who you are

He who would like to have something he never had,  
will have to do something well, that he hasn't done yet

A vast field of icebergs floating in the ocean, with a large iceberg in the foreground and a smaller one in the background. The icebergs are white and blue, with some showing signs of melting. The water is dark blue, and the sky is a pale, hazy blue. The scene is captured from a low angle, looking across the water towards the horizon.

Perhaps God would want you to become acquainted with many different people in the course of your life, so that when you meet the right ones, you can appreciate and be grateful for them

Give something a name,  
and it will happen

Love doesn't require  
two people look at each other,  
but  
that they look together  
in the same direction.

(Antoine de Saint Exupery)

Life is  
drawing  
without an eraser

The background of the image is a close-up, high-resolution shot of water ripples. The water is a deep, vibrant blue, and the ripples create a complex, organic pattern of light and dark blue tones. The light reflects off the peaks of the ripples, creating bright highlights, while the troughs are in shadow, creating darker blues. The overall effect is a sense of movement and texture.

I wish you always:

Air to breath,  
Fire to warm you,  
Water to drink and  
The earth to live in.

I wish this to you  
from my heart
