The image shows the facade of a castle named Şamaxı Şəhəri. The structure is built from light-colored stone blocks and features two prominent cylindrical towers on either side. Each tower has a crenellated top and several small, arched windows. A central rectangular section of the wall also has a crenellated top and a row of five small arched windows. The name 'ŞAMAXI ŞƏHƏRİ' is prominently displayed in large, white, serif capital letters across the middle of the stone wall. The sky is overcast and grey, and a few birds are visible in flight.

ŞAMAXI ŞƏHƏRİ
