

# Global catastrophes

And, so who is to blame all disasters  
humanity? who we are in the nature?

○ occasional guests

**The same planet just 34 years after.  
Kinda sad, right?**

# Evolution? Seriously?

# world ocean oil pollution

# Air pollution

not enough

# Global Warming...

WHAT WILL HAPPEN..

is dangerous not only for the animal

**but also for people**

**We are destroying our planet  
think about it**
