

Project: «The most»

How it started...

- We had special quest in shopping center «Northwest». Our team found many interesting things and met a lot of different people.

1. Find the person who has worked here the longest.

- The person who has worked the longest was Galina Semenovna. She has worked in greengrocery from 2007. She doesn't like photos, that's why we have no photo of her.
- 

2. The youngest employee

- The youngest employee is Matt. He is 13. Matt is handing out flyers.

3. The most popular store is...

- ...1...2...3...Sportmaster!
- We counted customers in this store. There were 27 people (except salespersons)

4. The most useless department

We think that the most useless department in shopping mall is smoke store «Sherlok».
They sell things connecting with smoking.
Smoking is harmful!

5. The most expensive thing is...

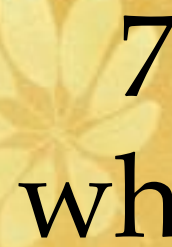

- ...let me guess? Mobile phone

6. The cheapest thing

- The cheapest thing is notebook.

7. Find someone in the store who speaks English and can tell you about his(her) job.

- It was very difficult to find English-speaking person who is not afraid of the camera. But we did it!
- 

8. How many departments can you find, where you can buy trainers?

Detsky mir, Sportmaster, Modis

9. Department, where they don't take cards

- In the green grocers opposite the shopping mall you can't pay with card.

10. The biggest department is...
