We will tell you about the sport called floorball . Namely , about which we ourselves came up with.

 The real floorball rules are very similar to the rules in hockey but floorball is played on the field and not on the ice.Floorball also has a stick but instead of puck a ball.

 It is also the essence of the game to score the ball into the opponent's goal and not let it score into your own goal.

 The goal keeper sits at the gate. His task is to catch or bounce the ball so that the ball does not hit the goal.
