Высококачественно го продовольствия

Миллионы пакистанцев страдают от недостатка продовольствия

A group of children, likely in a school cafeteria, are shown holding bowls of food. The children are of various ages and are looking towards the camera with serious expressions. They are wearing simple, dark-colored clothing. The bowls they are holding contain a yellowish, textured food, possibly a type of porridge or soup. The background is slightly blurred, showing other children and the interior of the cafeteria.

в развивающихся странах проблема продовольствия обостряется в связи с быстрым ростом населения.
