Who do I see?

*В голове шумит какой-то ветер.
Сердце отбивает гулкий такт.
Самые несчастные на свете,
Мы переучились – это факт.
Бедные, замученные дети,
Мы не спим который день подряд.
Только лишь глаза закроем – эти
Звуки явно слопать нас хотят.
Ох, эти окончания – настоящие страдания.
Им побольше бы внимания.
Да кто же это знал заранее?*

*Вот идут на нас глухие звуки,
А за ними –s окончание – бах!
Так и норовят схватить за руки
ducks, elephants, goats, cats.
Ну, а звонкий с гласным пострашнее –
Окончанье кружится пчелой:
dogs, hears – всё сильнее
„z“ так и зудит над головой.
Ох, эти окончания – настоящие страдания.
Им побольше бы внимания.
Да кто же это знал заранее?*

А всего страшнее звук шипящий:

***iz, iz** – сто раз подряд.*

И с визжанием таким ужасным

***horses, foxes** нас съедят.*

Мы теперь совсем не спим ночами,

Мы теперь боимся видеть сны.

Ах, зачем же эти окончания

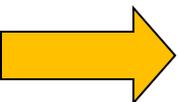

Плохо разучили в школе мы?

*Звонкий и гласный – окончание **z**,*

*А шипящий – окончание **iz**.*

*Звук глухой – окончание **s**.*

Ах, когда же это всё кончитс-с?

Прочитай и переведи
