STOP BULLYING!

Choose to be cool!

Tips to deal with this problem

Dealing with the Victim

1. Teach them about their identity as a loved child of God.
2. Work on the bullied child's self-esteem. David knew who he was and in whom he could trust.
3. Teach them how to control their emotions, trying not to care about what others think.
4. Speak about how to identify bullying, how to act against it and help others.

Dealing with the aggressor

1. Show the aggressor the consequences of his/her actions.
2. Help them to reflect on how their mean words can cause damage.
3. Remind them that they are sinning against God and their neighbor and that they need to ask for forgiveness.
4. Understand the underlying issue that caused the aggressor to bully others and help them.
