

GERMAN TRADITIONS

Prepared by Mishenin Nikita and Musienko Denis.

Intro

- ▣ Traditions and customs are an integral part of any nation, this is what sometimes significantly distinguishes the inhabitants of one country from others. Germany is no exception. The customs of this country are sometimes incomprehensible to foreigners, for example, a Russian girl will be very surprised to receive a bouquet of ten roses as a gift, or to see how horses are blessed in front of the church. But everything is in order! In this report, Denis and I have prepared 8 customs of Germany, some of which may seem incomprehensible or ridiculous.
