Dear ,

Thank you for your recent letter. I was glad to get it again. I'm sorry I haven't written for so long but I was busy with my school project.

In your letter you asked me about (my holidays, my native town, my family) Well, I can say that... . As for the last question,

Unfortunately, I have to go now as I have a lot of homework.
Write back soon!

Best wishes,

Свое имя

You have received a letter from your English-speaking pen-friend, Max.

...I've just watched a TV series about robots, their past and future. Robots are so cool! If only they could do my homework...

...What job would you like a robot to do at your home? What else can robots be useful for? Do you find science fiction films interesting or not, and why?...

Write him a letter (100-120 words)

...What job would you like a robot to do at your home?

I think robots can do almost all household chores. For example, I'd like my personal robot to mop the floor, wash the dishes and do the ironing at my home.

What else can robots be useful for?

By the way, robots can also be used for sorting and packing things, carrying something heavy and even cleaning the streets.

Do you find science fiction films interesting or not, and why?

As for your last question, I'm not interested in science-fiction films because they seem too unrealistic to me.
