Best Software For Promotional Scheduling At Supermarkets

https://www.demo-wizard.com/dw-for-stores.html

Demo Wizard helps supermarket executives to bring more product demos to their stores building measurable uplift in foot traffic, revenue and brand recognition.

No installation or implementation required - this promotional scheduling of demo events can be activated for your store immediately. Just let us know who has the authority to approve product demo requests and names of your buyers.

Demo Wizard will notify hundreds of product vendors that your stores are open for online and you will see the requests flowing in.
