How to create NEW Item Code in Item Master Data

remu.	NE. Refease item master access	
Tema	RF: Release Item Master access	
Копия:	Joanne Lien	
Кому:	Соня Sanli; Chin Chew Fong	
OT:	Sophia Shaw [Sophia.Shaw@dlinkcorp.com]	

Hi Chin, Sanli :

*

Role of SITM (DRU Master Item Creator) added to Sanli and Tanya.

Please select this Role while login.

Role	Description and Bath Code
1. A	Description and Path Code
(DRU Item master 🗸	E910 Production Environment (PD910)
ок	
	(DRU Item master V

Select and click item Master first as shown

In order to copy their data, select item code with the same date , note as follows:-

i)Stocking Typeii)Sales Code 1iii)Sales Code 2iv)Sales Code 3

v)Sales Code 4

vi)Sales Code 5

(you will see the page as this)

Those ARROW pointed have to overwrite with new item code and its data, click

Remember at the same time change " planner number and buyer number " from Sally to Sergey " Sergey 's JDE ID : 55000114

When finished, just created item master only, next step need using 2nd faction: Item Branch/Plant

House Mandan, House Mandan Deviation

How to create R01, R05,R99 Branch ? And add HW version ? NOW ,chose "Item Branch/Plant" as shown

You need find a old search text to do copy : EX : I want to create DGE-560T/D2A , so here I search for DGE-560T/D1A , and chose R01 first , after put copy . When finished R01 , you will back here , to chose R05 , the same process finished , you will back again , to chose R99.

Pls add these columns as shown , when you chose V , after will show the next page for add HW version part

Remember in this page at the same time change " planner number and buyer number " from Sally to Sergey " Sergey 's JDE ID : 55000114
