$\lim_{n \rightarrow \infty} \frac{x_n}{n} = 5$
 $\lim_{n \rightarrow \infty} \frac{y_n}{n} = g$
 $\lim_{n \rightarrow \infty} \frac{z_n}{n} = g$
 $\lim_{n \rightarrow \infty} \frac{x_n}{y_n} = \frac{5}{g}$
 $\lim_{n \rightarrow \infty} \frac{y_n}{z_n} = 1$
 $\lim_{n \rightarrow \infty} \frac{x_n}{z_n} = 5$

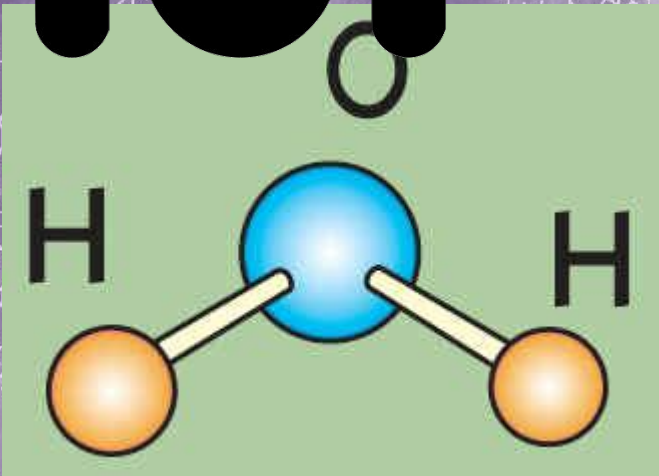

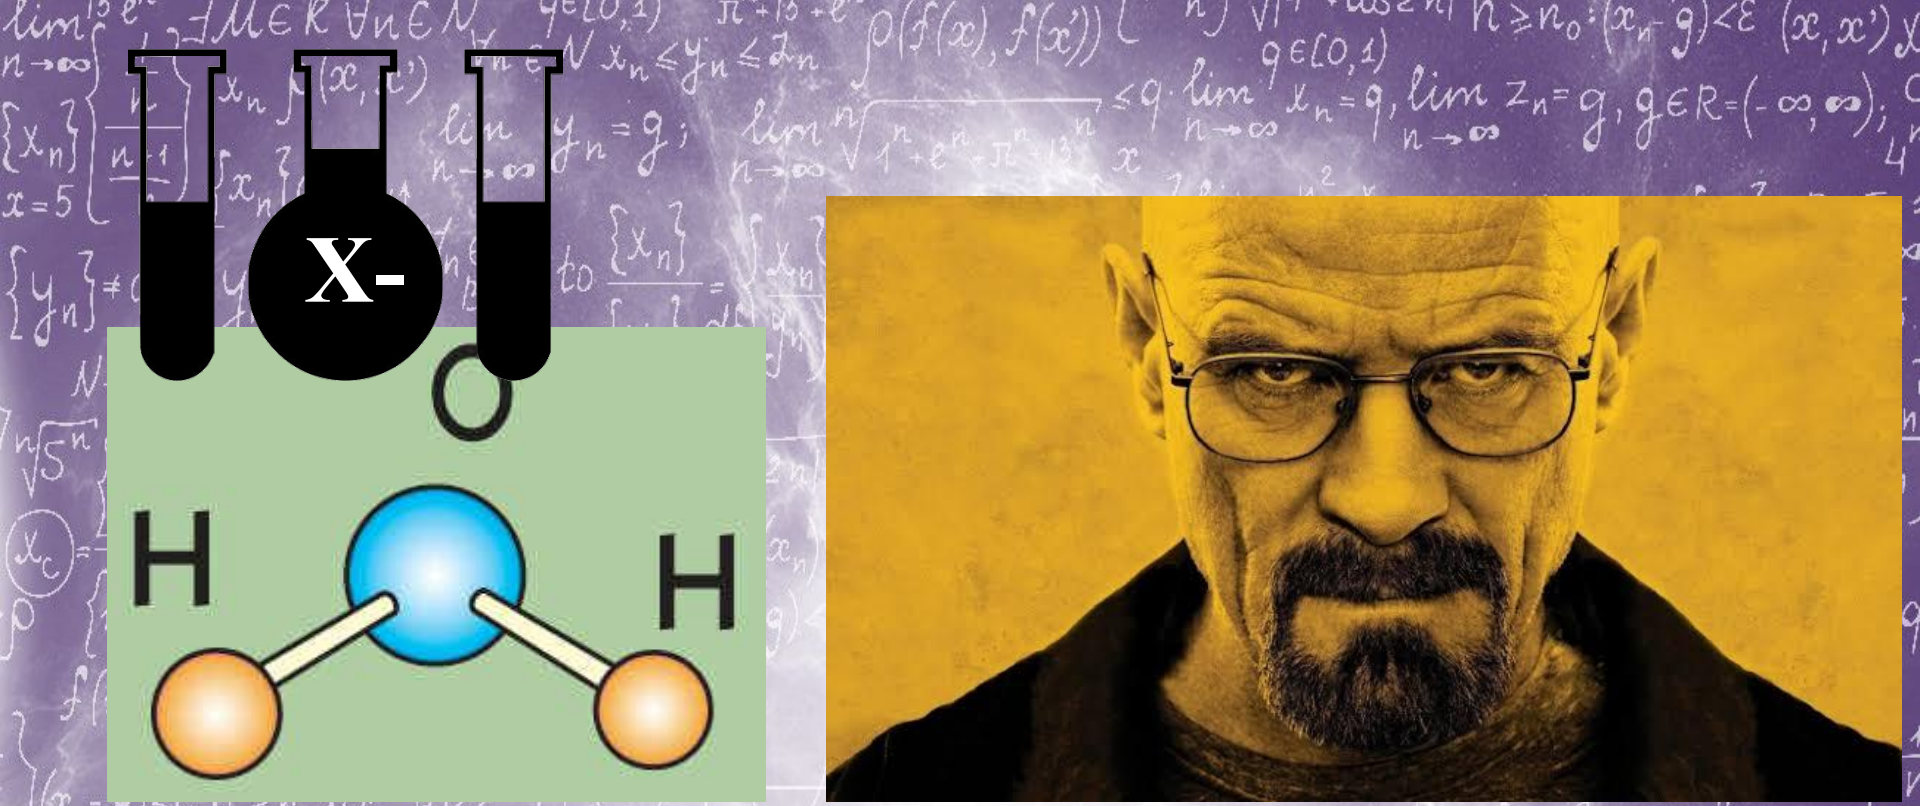

$$0 + 0 \leq \sqrt[n]{1 + e^{-n} - 13^n} \leq \sqrt[n]{13^n + 13^n + 13^n + 13^n}$$

$x_n \leq y_n \leq z_n$
 $\downarrow n \rightarrow \infty$ $\downarrow n \rightarrow \infty$
 g g
 (limit) g

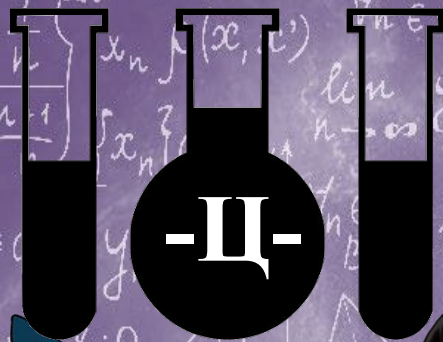

A screenshot of the MolPrime mobile application interface. The title 'MolPrime' is at the top left, and a plus sign is at the top right. Below the title are six chemical structures arranged in a 2x3 grid. The first row contains caffeine, aspirin, and sildenafil. The second row contains cholesterol, iron(II) tetraphenyl porphyrin, and trisbipyridine ruthenium(II). Each structure is labeled with its name below it.

A screenshot of the MolPrime mobile application interface, showing a social media sharing menu. The title 'MolPrime' is at the top left. Below the title are six chemical structures arranged in a 2x3 grid. The first row contains caffeine, aspirin, and sildenafil. The second row contains cholesterol, iron(II) tetraphenyl porphyrin, and trisbipyridine ruthenium(II). A social media sharing menu is overlaid on the bottom half of the screen, featuring icons for a pencil, a name field, a share icon, a person icon, a location pin, an email icon, a website icon, a checkmark, a share icon, a website icon, and a Twitter icon.

A large green logo with the text 'БЕЗ ГМО' in white. The letter 'З' is larger than the others. To the right of the text is a white leaf icon inside a circle.

$$a = \frac{F}{m}$$

$$(a + b)^n = a^n + C_n^1 a^{n-1} b + C_n^2 a^{n-2} b^2 + \dots + C_n^k a^{n-k} b^k + \dots + C_n^{n-1} a b^{n-1} + b^n$$

C_n^k - биномиальные коэффициенты.
