Warm up!

Answer my questions, please!

Where would you like to live: in a big city or in the country?

I would like to live in a big city because there are many different opportunities for living.

What are the advantages of living in the country?

There are many advantages of living in the country, such as: healthy lifestyle, fresh air, peace and quiet, beautiful landscapes and friendly, helpful people.

What is the main ecological problem in the place where you live?

The main ecological problem in the place where we live is air and water pollution because of the pulp and paper mill.

Do you and your friends care of ecological problems? Why?

Yes, we do. My friends and I care about ecological problems because we want our children to live in clean environment.

Have you ever taken part in any ecological projects at school?

Yes, I have. Every year all pupils of our school collect waste paper for recycling. Therefore our town becomes cleaner and we save many trees from cutting down.

What would you recommend to a person who wants to improve ecological situation in his or her hometown?

I would recommend to a person who wants to improve ecological situation in his or her hometown to collect rubbish for recycling in the streets, plant flowers and trees in the parks, clean out ponds or build nesting boxes for birds.
