National parks

plans

By the end of the lesson you can find specific detail in short texts about national parks and use be going to to talk about plans.

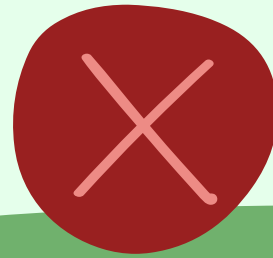

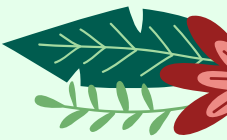

The top corners of the page feature decorative floral elements. On the left, there is a cluster of green leaves and a red flower. On the right, there is a green leaf with small red berries and another green leaf.

Discuss the questions in pairs.

- 
- A large, light green rounded rectangle with a dark green border is centered on the page. It is decorated with two red flowers on the left and right sides, each with a green stem and leaves.
- 1 Have you ever been to a national park?
 - 2 Tell your partner:
 - where you went
 - when you went there
 - what you saw.

PLEASE DO NOT FEED SEA BIRDS

Water birds have a natural diet of fish and sea plants. Human food, especially bread, is not good for their health. Wild birds need to know how to find their own food. If you feed them, they may lose this important skill. When you feed animals, they may lose their natural fear of humans. This is dangerous for the birds and may be a nuisance to people – if, for example, a bird tries to take your sandwich! Thank you for your understanding and cooperation.

Hi Peggy,

I'm in Denali National Park in Alaska. It's an incredible place: twenty-four square kilometres of wild land with just one road across it. Yesterday we were on the park bus (you can't drive your own car here) when, suddenly, three WOLVES ran past us along the road! One of them looked right up at me and I could see what a truly wild, dangerous, beautiful animal it was. It was amazing, but I was happy to be inside the bus.

Tomorrow I'm going to take a helicopter ride to the Yanert Glacier to see ice pools, ice bridges and ice falls! Doesn't that sound cool? Wish you were here!

PS 'Denali' is the original Indian name for Mount McKinley, the highest mountain in North America. You can see it wherever you are over here!

YORKSHIRE DALES NATIONAL PARK

A very special place

The Yorkshire Dales have some of the most breathtaking landscapes in Britain. You can walk, cycle or ride for hours through the lovely, peaceful countryside, over hills and fields with their characteristic stone walls. You can relax by a river or waterfall and have lunch in an old pub in one of the picturesque villages.

The Yorkshire Dales, with their many rare birds, are ideal for anyone interested in birdwatching. This is your opportunity to see peregrine falcons.

Take a break in the amazing Yorkshire Dales this year! Follow the route of riders in the 2014 Tour de France or, if you don't think you have the legs for that, try an easier valley route.

You can find loads of ideas on our site to help you plan your visit to this very special place.
