ABOUT US

MR Company was founded in 2005 in Kyiv and was initially oriented to produce articles of metal.

The core business of "MR" Ltd. is related to the production of metal structures for construction, advertising, retail trading, and metal furniture for industrial sites.

Our buyers work in different areas, some of the well-known companies, others not so famous worldwide and presented only in Ukraine.

We also have experience of collaboration with companies from West and Central Europe. All the time we receive interesting requests from all over the world.
