Oh wow!! What an amazing product.

I'm 52 and in menopause. I recently developed extremely dry and flaky skin on my nose, cheeks and forehead. My usual moisturisers made my face sting and seemed to make matters worse! This product caught my eye on the shelf. Because it was so inexpensive I doubted it's efficacy, but honestly..I will now never go back. This is the most soothing cream I have ever used on my face. I love it!! It feels so light and my skin had never looked so glowing. Even at my ripe old age. Thank you so much, Aveeno

I have very sensitive skin and moving to a hard water area hasn't helped. Although the pot may seem small the product goes along way. It leaves my skin feeling hydrated all day. I would highlight recommend this moisturiser.
