

PRESENTATION

out company:

- *Already more than fifteen years the company "Arta" continues to delight its customers with fruit and berry preservation.*

- *For this period we could enter not only in the top three leaders of Russia in the production of berries with sugar and jam, but also to keep a trend, without stopping, to go forward, increasing capacities, modernizing production. All this was reached not only thanks to the competent collective and professionals working at our factory, but also those products which we make for our favorite compatriots, and consumers who live in other countries.*

- *Using original recipes in the preparation of grated berries with sugar and jam, we achieved quality, and now our brand "Arta" is recognized by the end user, who wants to buy only our products.*

- *In our assortment you will be able to find not only an unusual combination of tastes, as well as gift jam in "Matryoshka".*

- *The main components of success of activity of the company "Arta" are absolute naturalness of products.*

Our company will be glad to new partners, whom we will offer the optimal cooperation scheme aimed at long-term, mutually beneficial collaboration!
