Enter Authorization Code

Welcome. To activate this software, please use the following steps:

1. Use the e-mail you received from Carrier to determine your customer number and authorization code.

2. Enter the customer number and authorization code in the spaces provided below.

3. Compare the company name shown below with the company name shown on the e-mail you received

HAP43

Congratulations. The authorization code was accepted.

This authorization code will allow the program to run until the following date: 12/31/2007. After that date a new authorization code will need to be entered to continue use of the program.

Please refer to the program manual and the on-line help system for information about program operation. On-line help can be displayed by pressing F1, by pressing Help buttons and by using options on the Help Menu.

OK

Company name you entered when installing the software:

AAC

Enter your Customer Number:

1001

Enter your Authorization Code:

1784-F8D2-6C

OK   Cancel

To Generate E20-Authorization Code, Company name shall be exactly same as Entered during the installation of X-Builder Frame work
